

BAMBOO SUPPORT CANES

Rural Tree Planting

Bamboo Canes are the perfect product to help support our range of Tree spiral guards and Easywraps when tree and hedge planting. The Bamboo canes are graded by diameter at base or by weight per 100 canes, other sizes available on request.

Applications

- To support young trees alongside other guards and wraps.
- The range of Bamboo Canes can also be use with plant support when using in planting projects in the garden or in landscaping works.

Benefits

- Suitable for hedgerow and woodland planting schemes.
- Strong, flexible and weather resistant.
- Provides young stability in windy conditions.
- Strong, reliable and versatile.
- A heavy duty option also available for more demanding installation locations.

Bamboo Canes Can Be Used With:

- Rainbow Tree Spirals - Support Spiral Guards with a 90cm Cane against Rabbits and Hares
