

Dentdale Tree Grille

The Dales Collection Dentdale Tree Grille is manufactured entirely in the UK from galvanised steel with a satin brushed finish. The Dentdale is supplied in 2 halves and inserted into a Type 1 Support Frame, which stabilises the grille, preventing shrinkage and subsidence of the tree pit. The Dentdale can be installed with a Dales Collection tree guard. To install the Dentdale with a tree guard a Type 2 Support Frame is required, see 'Support Frames' specification sheet for further details.

Size Specification

Available in a large range of sizes: 800, 900, 1000, 1200, 1400, 1500, 1800 & 2000mm²
