

Green-tree Topsoil

gt Growlite

gtGrowlite is a high grade, medium peat based compost made exclusively for Green-tech. It's light weight composition makes it an ideal solution for projects where weight is an issue such as roof gardens.

gtGrowlite has added controlled release fertilisers for long lasting nutrient availability. Moisture retention granules and wetting agents are added to ensure maximum moisture available whilst limiting dry spots within the compost.

	Value	Unit
Peat 0-10mm	0.800	m ³
Pine bark 0-8mm	0.200	m ³
pH	5.3-5.7	pH
Dry weight	350	g/litre
Saturated weight	750-800	g/litre
Fertilisers and moisture retention		
Osmocote Exact Std 8-9mth	3.500	kg/m ³
Broadleaf P4	1.000	kg/m ³
Lime for pH balance		
Dolomitic Lime	3.250	kg/m ³
Wetting Agent - to reduce dry spots		
H2GRO Liquid	0.100	ml/m ³
Base Fertiliser for quick establishment		
PG 12+14+24	1.300	kg/m ³
Calcium Nitrate	0.100	kg/m ³

Standard Bag size: 75L

Also available in bulk bags and loose delivery - please speak with your Green-tech sales representative about the best option for your project.

Peat is a natural raw material and as such cannot be guaranteed free of pest, diseases and weeds though due to initial acidity it is very rare to encounter problems. All due diligence is taken by the Green-tech to avoid problems.

Green-tree endeavour to ensure that the information given on this technical data sheet is accurate, but accept no liability for its use or suitability for particular application.
