

Distributor

NexGen Biodegradable Spiral Guards

Delivered in nests of five, 40mm in diameter. 250 per box.

Heights:

- 0.6m - rabbits

Construction:

- Light and robust for ease of transport and handling
- Longitudinally rigid so tree shelters can be pushed into the soil
- Easy to drop over slender plants, or wind around more bushy species
- Strong recoil to ensure vole guard stays on the tree in windy conditions
- Ventilation holes to prevent overheating during Summer months

Durability:

- Long-term resistance to water and premature microbial degradation
- Starts to break down after five years, depending on location, tree canopy, soil type and microbe content

Biodegradability:

- 100% biodegradable
- pH neutral
- Ecotoxicity neutral

Packaging:

- Compostable boxes

NexGen shelters are made from biodegradable materials, this means they can vary in colour over time. These variations help the shelters blend naturally into the countryside and do not affect how they perform.
