

# GT TREERAFT

Urban Tree Planting  
& Tree Irrigation

## Horizontal/vertical load-bearing and spreading drainage system

- Material:** Recycled HDPE
- Colour:** Black/anthracite
- Weight:** 6.47 kg/piece
- Dimensions:** 800 mm (l) x 600 mm (w) x 150 mm (h)  
30 pieces per pallet
- Life expectancy:** 50 years
- HS code:** 39269097

## Functional Specifications

### Pressure resistance

- 70 t/m
- Taxable directly on the panel

### Open Volume

- >90%

### Connections

- Integrated conical coupling system
- Equipped with a click system on all sides to create large one piece surfaces
- Panel 3 layers stacked using 6 pieces SWP connector

### Customisable

- Panels can easily be cut without loss of compressive strength
